combit Employees Donate Leave Day for Earthquake Victims

Constance/Germany, 01/20/2010 – To help the victims of Haiti's devastating earthquake combit employees have spontaneously donated a leave day. This was calculated into money and combit has doubled the so reached sum. The donation goes to the humanitarian aid organisation Doctors Without Borders.

Doctors Without Borders/Médecins Sans Frontières is an international humanitarian aid organisation. It provides emergency medical assistance to people affected by armed conflict or natural disasters regardless of race, religion, or political affiliation. Doctors Without Borders has been working in Haiti since 1991 maintaining several medical facilities. In 1999 the organisation received the Nobel Peace Prize.

About combit:

The software producer combit from Constance has specialized in reporting, CRM and contact management during the last two decades and has achieved brand name recognition with its developer component List & Label and its business applications combit Relationship Manager and address manager.
